

# Swimwear Policy

In the interest of Public Health, Health & Safety and the cleanliness of our Waterpark and pool water, appropriate swimwear must be worn at all times when visiting the Alton Towers Waterpark.

- Appropriate swimwear includes the following: swimming trunks, swimming shorts, swimming costumes, swimdress, bikinis, tankinis, burkinis, or other similar swimwear. N.B. Under certain circumstances close fitting plain t-shirts may also be worn at the discretion of the Waterpark Management.
- Inappropriate swimwear includes the following: Underwear, transparent costumes or thongs (or anything with obscene or offensive pictures or slogans), sporting wear, denim or cotton leggings/leotards, long flowing clothes, baggy t-shirts, swimwear with protruding designs or accessories that could be abrasive to other swimmers and our slides and attractions e.g. pins, rivets, buckles, zippers, buttons etc. Long necklaces, chains and jewellery should also be removed. Alton Towers Waterpark Management reserves the right to determine whether or not swimwear is appropriate.
- Regular nappies are not permitted in any pool (swim nappies are available free of charge at reception, one per child. Extra nappies can be purchased from the Pool Shop).

Guests who do not wear appropriate attire will be asked to change.

N.B. Please ensure your swimwear is suitable for our water disinfection chemicals and is durable for use on the slides. Unfortunately, due to the nature of slide riding, we cannot accept responsibility for damage to costumes particularly if the slide rules are not followed.

*No costume? No problem! We have a range of swimwear for purchase inside our Pool Shop.*
